

Fundraising Tips

1

Add a profile picture!

Pages with profile pictures raise more money because people feel more connected.

3

Post updates!

People will see the progress you're making which encourages them to support you and spread the word.

2

Share your reason for fundraising!

It could be a personal story. Include something about the charity and how the money raised will help.

4

Spread the word!

Online, through friends and family, and we can do a shout out on our social media pages.

5

Ask for Gift Aid!

It allows us to claim extra money on donations from UK taxpayers at no extra cost to the donor.

6

Make a self-donation!

Fundraisers who start with a personal donation raise, on average, £92 more.
