The Faces of NF

Raise awareness and share your photo with a quote on "Why is it important to raise awareness in World NF month for you"

Get involved: info@nervetumours.org.uk

We need your help!

In association with our friends at the Children's Tumor Foundation (US), we are excited to announce the return of the Shine a Light on Neurofibromatosis Campaign to raise awareness for NF1 & NF2 by lighting up landmarks and buildings on World Neurofibromatosis Awareness Day - May 17th 2022.

We are asking the owners of iconic landmarks, buildings and homes to light them up blue for those diagnosed with Neurofibromatosis in the UK.

Do get involved and place the poster (overleaf) in a local building near you, such as a library, cinema, local council, office, in your home etc. (Always ask for permission) Please send us photos of your poster in that location to info@nervetumours.org.uk. The most interesting, challenging and outstanding places will win high street gift vouchers.

To mark the day, we want you to be involved. Send us images and links to videos that you have created where you express what living with nerve tumours means to you. Email us at info@nervetumours.org.uk.
